THE HONG KONG POLYTECHNIC UNIVERSITY
DEPARTMENT OF BUILDING & REAL ESTATE

Hong Kong Construction Association (HKCA) Entry Scholarship

1. Objectives
To attract applicants with excellent academic background to join the full-time
UGC-funded programmes, including

- BSc (Hons) Building Engineering and Management
- BSc (Hons) Surveying (Quantity Surveying specialism)
- Higher Diploma in Building Technology and Management (Engineering/Surveying)

2. Eligibility

For BSc (Hons) Building Engineering and Management:
(i) Applicants applied through the JUPAS route or non-JUPAS route into 1st
year of study would be considered based on their entry qualifications such
as outstanding A-level results OR academic merit attained in their
HD/Assoc. Degree study.
(ii) Foundation students from the Mainland would be considered based on
their academic merit attained in the foundation study in PolyU.
(iii) Students who are successfully transferred to the programme (internal
transfer within BRE scheme or transfer from other departments outside
BRE) would be considered based on outstanding academic results in their
previous year study in PolyU.

For BSc (Hons) Surveying (Quantity Surveying specialism):
(iv) Final-year students who choose Quantity Surveying as their specialism
would be considered based on outstanding academic results in their
previous year study in PolyU.

For Higher Diploma in Building Technology and Management:
(v) Applicants applied through the JUPAS route or non-JUPAS route into 1st
year of study would be considered based on their entry qualifications such
as outstanding A-level results OR academic merit attained in their
previous study.
3. Scholarship Amount & Condition of Award
For BSc (Hons) Building Engineering and Management & BSc (Hons) Surveying, the amount of award is HK$10,000 for each scholarship.

For Higher Diploma in Building Technology and Management, the amount of award is HK$6,000 for each scholarship.

No condition will be imposed on the awardees. This scholarship would be an addition to any other scholarships secured by the awardees within or outside the University.

4. Selection Criteria
Selection of applicants for the Entry Scholarship will be made by the respective Programme Team.

5. Number of Scholarship
For BSc (Hons) Building Engineering and Management, a total of 10 scholarships would be made available for eligible candidates under sections (i) and (ii), and 2 scholarships would be made available for eligible candidates under section (iii) of Part 2 above.

For BSc (Hons) Surveying (Quantity Surveying specialism), 2 scholarships would be made available for eligible candidate who opt Quantity Surveying as their specialized discipline of study.

For Higher Diploma in Building Technology and Management, a total of 10 scholarships would be made available for eligible candidates under section (v) of Part 2 above.

6. Application and Notification
There is no need for the students to apply separately. Announcement of Scholarship results will be released by the Department.
