Visit of Chiang Mai University (清邁大學), Thailand to BRE

A delegation consisting of 6 academic staff and 19 full-time taught postgraduate students major in construction engineering and management from the Department of Civil Engineering of Chiang Mai University, Thailand visited our department at 9:00 am – 11:00 am on Friday, 18 November 2011 at room TU318. Our Head of Department (Prof Geoffrey Shen), Programme Award Co-ordinator for MSc/PgD in Construction and Real Estate (Dr Daniel Chan), together with the President of the CIB Student Chapter of PolyU (Mr Hong Yuming), jointly welcomed and greeted them during the visit.

Prof Shen first gave an overview of BRE followed by an introduction to our Faculty Taught Postgraduate Scheme. Dr Chan then provided an in-depth briefing of our three taught postgraduate programmes offered by BRE and highlighted the main research areas undertaken by our academic staff. The delegates found the visit very informative and inspiring, and intended to develop strategic links with BRE in terms of academic exchange and/or research collaboration.
Full house participation of the delegation from Chiang Mai University
