

## Yuki Li Tsz Wing Winning Outstanding Student Award, Faculty of Construction and Environment

Bravo! Our Surveying Student, Miss Yuki Li Tsz Wing received the “Outstanding Student Award, Faculty of Construction and Environment’ for the academic year 2012/13. What a wonderful moment to Yuki! She got the Award from our President, Prof. Timothy W. Tong and received guests' appreciative applause as well as warmest congratulations at the Outstanding Student Awards Presentation Ceremony on 17 February 2014.

### Yuki' Sharing

Yuki shares with us, 'It is my greatest honour to receive the award of The Outstanding Student of Faculty of Construction and Environment. This is a significant recognition of my hard work over the past four years and motivates me to strive for even more excellence and improvement in the future.'

In addition, she thanks to all her supporters, 'My study at PolyU is full of ups and downs but fortunately my family and friends always give me their unceasing support, so that I can succeed in achieving what I have set out to do. I would like to take this opportunity to express my deepest gratitude to my family, especially my mother who always stands by me, and my friends and my classmates in the BTMS programme for their kindness and care. I wouldn't have become who I am today without their support and encouragement.' [More](#)
