Exchange meeting between The University of Seoul and The Hong Kong Polytechnic University

19 October 2007

Franky Wong, the honorary committee member of our CIB Student Chapter, visited The University of Seoul, Korea on 19 October. The purpose of this visit was to foster the communication between the two universities, and seek if there are any possibility for collaborations in the area of research in building and construction.

Franky had an exchange meeting with the research students of the Department of Architectural Engineering in the University. In the meeting, Franky introduced the International Council for Research and Innovation in Building and Construction (CIB) and our Student Chapter. In addition, they shared the experience of organizing research-related activities to students.

Both parties agreed more exchange meetings could be arranged on a continuous basis.
