

***Special Thanks to Prof. Mike Wong,  
Our Alumnus for His Generosity***

Special thanks to Prof. Mike WONG Chik Wing, JP, Deputy Managing Director of Sun Hung Kai Properties Limited for his generosity to our Department.

Since early 2014, Prof. Mike Wong, our outstanding alumnus, has given us a great financial support in terms of student scholarships and research work. His kind donation set up 'Prof. Mike Wong Real Estate Development Scholarship', 'Prof. Mike Wong Real Estate Marketing Scholarship' and gave support for the research project regarding urbanization in China.

The awardees of the mentioned Scholarships included Ms Petrina Cheung, Ms Yuki Li, Mr. Wong Wan An and Ms Chan Pui Ki. Also, we are so thankful that with the outstanding achievement, Petrina and Yuki landed the jobs in Sun Hung Kai Properties after graduated in 2014.

When it comes to the research effort, our Research Associate, Ms Lulu Zhou, was engaged for a research project entitled 'Migration and Housing Prices: An Empirical Framework for Interpreting Mobility'. Ms Zhou worked on a paper entitled 'The impact of hukou system on China's migration and urbanization pattern'. The abstract of this paper was accepted by a Special Issue invitation by a top-notch academic journal 'Cities'. The full paper was submitted for review this year.

What's more, under the matching grant scheme, the additional grants generated by Prof. Wong's donation have been recently confirmed and allocated to the scholarship and the research work, bringing sustainable support and development.

Indeed, we are most grateful to Prof. Mike Wong for his kindness that absolutely enables us to move strength to strength in pursuit of excellence through innovative education, application-oriented research and our strong global connections.
