

## A Very Warm Welcome to New BRE Family Members

In an effort to bring an international and wider perspective of today's global building and real estate industry to our students, we made a worldwide search for academics possessing a wealth of expertise and experiences.

We are thrilled that for the upcoming academic year, we have six new family members including Prof. Tarek Zayed, Dr. Christopher Higgins, Dr. Minkoo Kim, Dr. Francis Siu, Dr. Sun Yi and Dr. Chi Hung Lin with their respective nationalities of Egypt, Canada, South Korea, Hong Kong (China), China and Taiwan. A very warm welcome goes to each of them.

We look forward to your great support to our new members. As always, your continued support ignites the passion of our big family for a new height in future.
