

## 15<sup>th</sup> HKHS Award for Outstanding Students

Our students' outstanding achievements brighten our days. Our undergraduate students were bestowed the 15<sup>th</sup> Hong Kong Housing Society (HKHS) Award for their remarkable academic performance and hard work. Prof. Ling Kar Kan, HKHS Vice-chairman and Prof. Esmond Mok, Dean of Students of PolyU, sent their hearty congratulations to this group of high-performing students, Kwok Ka Chun, Lee Ying Ngai, Wong Chun Hei, Yau Tsz Pan, Yip Tsoi Wa and Yuen Wai Pong in the Presentation Ceremony in January 2020.

What's more, this round of achievements unfolded the opportunities of realizing the students' potential ahead. The students are invited to the HS Academy Alumni Club, which was set up last year to facilitate network building and expand members' horizons through a range of community services. It is also exciting that the students are given the priority for summer internships at the Hong Kong Housing Society.
