

BRE PhD Student, Waleed Receiving Award at International Postgraduate Research Conference

Please join us in congratulating Mr. Waleed Umer, our PhD student on winning 'The Dean's Award for Best Presentation' at the 13th International Postgraduate Research Conference on 15 September 2017. Waleed was highly praised for his presentation skill and research on 'Biomechanical Testing of Ergonomic Interventions for Rebar Tying'.

Organized by the School of the Built Environment at the University of Salford, the International Postgraduate Research Conference aims at providing researchers with an ideal platform of gaining diverse perspectives on cutting-edge international research in the built environment.
