

## Congratulations to Karen LAM Ching Winner of Fung Scholarship 2015/16

Congratulations to Karen Lam Ching, our Surveying student on winning 'Fung Scholarship 2015/16'! This scholarship will mean a lot to Karen for her exchange programme to the Queensland University of Technology in Australia in early next year.

Karen's all-round achievements in a range of areas from the personal skills, academic performance, extra-curricular activities to community services enabled her to stand out from other applicants for this Fund Scholarship. The upcoming exchange programme will utterly bring her an eye-opening experience and further enhance her learning when she is back to our campus.

Good Job! Let's wish Karen a very fruitful stay in Australia.
