

Hong Kong PhD Fellowship Scheme 2018/19

We are thrilled with a very encouraging result of the Hong Kong PhD Fellowship Scheme 2018/19. 3 out of our Department's 4 nominations that PolyU put forward to the Research Grants Council have been awarded the Hong Kong PhD Fellowship 2018/19. The shortlisted candidates include Eshun Bridget Tawiah Badu, Cheng Chun and Dai Yawen. Prof. Albert Chan is Badu's proposed chief supervisor while the proposed chief supervisor of another two candidates is Prof. Ni Meng. We greatly look forward to welcoming them in September.
