<tr>
<td><strong>Credit value:</strong></td>
<td>3</td>
</tr>
<tr>
<td><strong>Responsible staff and department:</strong></td>
<td>Prof. Edwin Chan, Mr. Ka-Kui Chan and Mr. Anthony Wong (BRE)</td>
</tr>
<tr>
<td><strong>Pre-requisite:</strong></td>
<td>Nil</td>
</tr>
<tr>
<td><strong>Recommended background knowledge:</strong></td>
<td>Students are expected to possess good knowledge of the construction and real estate industries and of the principles construction law.</td>
</tr>
<tr>
<td><strong>Mutual exclusions:</strong></td>
<td>Nil</td>
</tr>
<tr>
<td><strong>Learning approach:</strong></td>
<td>Topics related to dispute management and law will be introduced by lectures in the context of international construction projects. Students will be guided to various reference materials and will carry out critical reviews as recommended by the lecturers. Practitioners in construction contracts and dispute resolution will be invited to give lectures on specialist areas and current issues. Students are required to select a topic of particular interest to them and carry out in-depth research as cases studies. Seminars in small groups will be organized in which, with the guidance of tutors, students will share their views through presentations and discussions on their case studies. Constructive criticism and feedback will be provided by the lecturer/tutor. Students are expected to use their own initiative to gain real-life experience in dispute resolution processes, such as attending court hearings etc., and provide reflective journals. Research reports/case studies will be used in the continuous assessment. The final examination will be an open book examination.</td>
</tr>
<tr>
<td><strong>Contact hours:</strong></td>
<td><strong>Lectures/seminars</strong> 21 hours <strong>Tutorial</strong> 15 hours <strong>Workshop</strong> 6 hours</td>
