Programme Aims

- To integrate the necessary knowledge in construction management and law for the needs of construction professionals.
- To cut through disciplinary barriers by integrating the various skills and strengths of different professions for a specialised contribution to the construction industry.
- To apply theory to practice by providing professional training on key dispute resolution skills.
- To attract construction graduates and lawyers who wish to specialise in construction law and alternative dispute resolution.

Programme Structure

Students can select elective subjects from core subjects, recommended electives, and other relevant subjects offered by the BRE department or other sister departments within the Faculty under the Taught Postgraduate Scheme in Construction and Environment.

For the MSc

Students who opt for the Dissertation must complete 7 subjects, including 5 Compulsory Core Subjects and the Core Subject, Research & Consultancy Techniques for Construction & Real Estate, plus an MSc Dissertation (equivalent to 3 subjects).

Students who opt not to do a Dissertation must complete 10 subjects, including 5 Compulsory Core Subjects and the core subjects: Construction Law Project (3 credits), and Dispute Resolution Project (3 credits) and/or mediation training (3 credits).

For the PgD

Students must complete 7 subjects (including 5 Compulsory Core Subjects).

Scholarship

A scholarship is provided by ARCADIS to recognize the student with the highest mark in the subject of Construction Law. In addition, there is a Prize donated by the Society of Construction Law Hong Kong for the most outstanding graduating student.

Core Subjects of the Programme

- Property Law
- Mediation Training+
- Legislative Aspects of Fire Safety Management
- Construction Law*
- Dispute Management & Law for International Project*
- Statutory Framework for Construction Practice*
- Arbitration Law & Practice*+
- Principles & Practices of Law^
- Principles of Project Management@
- Construction Practice in China@+
- International Construction Projects@
- Building Environmental Performance@
- Construction Technology@
- Construction Law Project**
- Dispute Resolution Project**
- Research & Consultancy Techniques for Construction & Real Estate#

* Compulsory Core Subject

^ Compulsory Core Subject (limited to and compulsory for non-lawyer candidates)

@ Available for lawyer candidates as a replacement for Principles and Practices of Law.

** Compulsory for MSc students who opt not to do a Dissertation.

Compulsory for MSc students who opt to do a Dissertation.

+ These subjects are included in the Continuing Education Fund (CEF) list of reimbursable courses.

Professional Recognition

- Students in the MSc/PgD programme are eligible for Associate Membership of the Hong Kong Institute of Arbitrators. The MSc programme is also recognised by the Royal Institution of Chartered Surveyors (RICS).
- Those students who opt to complete the Mediation Training will be recognised by various professional institutions overseas and in Hong Kong as completion of the accredited mediation course qualifies for membership, subject to professional assessment.

Entrance Requirements

A Bachelor's degree in a construction-related discipline or equivalent (including recognised professional qualifications such as HKIA, HKIS, HKIE, HKIP, HKICM, CIOB, etc.) and relevant work experience (preferably at least two years); OR Qualified lawyer.

Candidates are expected to have some background knowledge of construction law. Preference will be given to those applicants who intend to enrol in the MSc rather than the PgD programme.

Applicants must also meet the English language requirement of the University.

Please visit www.polyu.edu.hk/study for details.

Core Areas of Study

Students may follow the suggested progression pattern that is shown below. Core Subjects that are marked with an asterisk (*) are compulsory. There are no pre-requisite or co-requisite requirements unless specified in the syllabus of individual subjects.

Year One

- Principles & Practice of Law* (lawyer candidates are required to study an approved construction technology/management (non-legal) subject selected from the Core Subject list instead)
- Statutory Framework for Construction Practice*
- Construction Law*
- Select 1 non-compulsory subject from the core subject list

Year Two

- Dispute Management & Law for International Projects*
- Arbitration Law & Practice*
- Dispute Resolution Project
- Mediation Training or select 1 non-compulsory subject from the Core Subject list

MSc candidates may commence part of their Year Three study in Semester Two (see alternative approaches below). Mediation Training is normally held in Semester Two.

Year Three

The additional 9 credits that MSc students require for their award may be gained by following one of two approaches.

- Alternative 1
Dissertation (9 credits)
- Alternative 2
Construction Law Project (3 credits) + Dispute Resolution Project (3 credits) or Mediation Training (3 credits) + one non-compulsory Core Subject (3 credits)

Note: As an alternative to the Dispute Resolution Project, students can opt for Mediation Training, which involves 42 hours of mediation practice training run by approved trainers for which students are required to pay an extra fee. Students can also undertake both Mediation Training and the Dispute Resolution Project.
